

CHRIS NUTT

WORSHIP LEADER

INTRODUCTION

Hi, my name is Chris. My entire life, I have loved music and technology. A few years ago, God did something that radically changed me forever; He gave me the opportunity to be a worship leader. God has equipped me in many ways to lead worship: a passion for music and technology, years spent serving on worship teams, and a drive to teach others to serve and lead.

As a worship leader, I believe it is important to recognize the importance, value, and impact of music in people's lives. When a congregation comes together to worship God, we must be diligent in our song choice and musical style, because these things can greatly influence the spiritual culture of a church. We have been given an awesome responsibility, and it is our duty to use every resource available to lead our congregation in authentic, Biblical worship.
